Testable	TBD

Artifact Content

User Story Name: Change Order of Product Lines in the Navigation Bar of TAS Portal <RALLY ID US5027>

Sizing: 3

Parent: US1974

Story

As a... I want to... So that...

MCCF EDI TAS Portal User Have the Product areas displayed alphabetically in the Navigation Bar within the MCCF EDI TAS Portal I have the ease of navigating the site to quickly find the page I want to access

Conversation (if desired by developers)

• Feedback from the individual Product teams is to provide the end users with ease of navigating the TAS Portal, the order in which the Product areas are listed in the navigation bar should be changed to display in alphabetical order. This will allow end users to locate the pages they are looking for faster

• The link to eAdmin in the Navigation bar should be removed and no longer displayed (hidden). This link should only be displayed to users who have Admin Privileges. This functionality is still a work in progress.

Detailed Listing of Acceptance Criteria

Requirement ID Description

U5027.1 The order of the Products has been changed and are now displayed in alphabetical order:

eBilling > eInsurance > ePayments > ePharmacy > Non MCCF > NPI

U5027.2 The subpages for each Product page, remain intact and have not been adversely affected by changing the display order

US5027.3 The eAdmin link is no longer displayed in the Navigation Bar

Constraints

• None at this time

Risks

• None at this time

Assumptions

• None at this time

Dependencies/Impacts Outside of VistA

• None at this time
